

Hello,

I am a skilled Motion Graphic Designer / Multimedia Artist with many years of experience in several industries. I have an extensive Graphics background in Conceptual Design, Branding, Special Event Promotions and have transitioned into Multimedia Design and Motion Graphics for film and video over the last 15 years. For a year from 2011 to 2012, I worked Post-Production for Stereo-D (a division of Deluxe) in Burbank CA, as a roto artist in the 3D stereo conversion process for feature films, prior to that, contract work involving multimedia, video and print.

I am proficient with:

- After Effects
- Silhouette
- Premiere
- Photoshop
- Illustrator
- Final Cut Pro
- Motion
- Flash

I've also had some preliminary training with Nuke, Cinema 4D and Mocha and have a strong desire and ability to learn and apply new knowledge and techniques. I also possess effective interpersonal skills and very adept at working with directors, producers, editors, cameramen, production staff, clients, and various service vendors.

I have attached my resume, but please visit my website where you can view my portfolios, reels, and profile.
<http://www.cimavision.net/motion.html>

I look forward to hearing from you to discuss in detail my experience, skills, and potential of what I can offer your team.

Thank you, for your consideration.

Sincerely,

David Cimaglia
